

THANK YOU FOR VOTING US

THE BEST
AT THE LAKE!

BAXTER'S
LAKESIDE GRILLE

So many exciting things are happening — from COVID vaccinations to seeing everyone who has supported us through the pandemic vote for us in this year's Best of the Lake contest.

Voted best restaurant at the Lake of the Ozarks —

- Best Fine Dining
- Best Steak House
- Best Bar and Grill

We also are honored to receive second place recognition for the Lake of the Ozarks' best dessert, friendliest restaurant and best happy hour. Thank you for your support and positive feedback. A comment I have heard the most in the past few weeks is how well Baxter's has continued to excel with the consistency of food and service we have always been known for. People are at the core of any successful business, and our ongoing success is a testament to the dedicated team of Baxter's.

This success is only possible with the leadership of Corey Roberts, our chef and general manager who opened Baxter's with me 13 years ago, and Guest Relations Manager Ashley Manning, who has been with us for nine years. Their excellence and dedication helped us to grow as a team and develop an outstanding core group of staff. I want to thank this team for not only surviving a pandemic intact but also for continuing to excel in the face of that adversity.
